

WIMA

2024

Women Interactive Materials Award

26th September

Seminar room of the Leibniz Joint Lab "first in Translation"
Forckenbeckstraße 50, 52074 Aachen
REGISTER HERE as a spectator

1:00 pm	Welcome & Introduction	
1:15 pm	 Maria Villiou , Max Planck Institute for Polymer Research, Germany	Innovative Biomaterials for Diverse Biomedical Solutions
1:45 pm	 Céline Calvino University of Freiburg, Germany	Transforming Responsiveness into Sustainability: The New Age of Polymers
2:15 pm	 Erica Del Grosso University of Rome, Italy	Interactive Supramolecular DNA-based Nanomaterials
2:45 pm	Coffee Break	

3:15 pm	 Giulia Lavarda Eindhoven University of Technology, The Netherlands	Novel Approaches in Photoactive Materials: Advancing (Supra)molecular Design for Energy Conversion
3:45 pm	 Andreia T. Pereira University of Porto, Portugal	Energizing the Future: Using Body Energy to Power Smart Medical Devices
4:15 pm	 Viktorija Glembockyte Ludwig-Maximilians- Universität München, Germany	Nanoscale Tools for Sensing Single Molecules
4:45 pm	Deliberation	
5:30 pm	Announcement of the Laureates	

Jury

Katharina Maniura
Novel Materials-based
Healthcare Solutions
EMPA & ETH Zürich

Laura De Laporte
Advanced Materials for Biomedicine
DWI & RWTH Aachen University

Petra Severit
Chief Technology Officer
ALTANA AG

Carla Fernandez Rico
Complex Materials Group
ETH Zürich
